**DIY Bible Study:** We read the Bible to discover more about God, Who has revealed Himself to us in human words through human writers. Countless people over the centuries have devoted their lives to carefully copying these words of history, poetry, wisdom and prophecy... often working in cold, in dim light and even through hunger for the benefit of unseen future generations. As you read this week, you will discover that these old words are still young and fresh. Read with humility and a willingness to learn about the person Who is God.
